

Maxi Pro TV streamer

BE2022

Features

Bluetooth powered

Streams the sound using Qualcomm® aptX™ LL technology

Multiple ports

Connects to the vast majority of modern television sets

Listen at your own volume.

The Maxi Pro TV streamer enables you to hear the television at a volume that suits you, without affecting the volume for anyone else in the room. It streams the sound in full HD-stereo via Bluetooth to your Maxi Pro personal amplifier.

The Maxi Pro TV streamer uses the latest Qualcomm® aptX™ low latency technology which results in optimum time synchronization when playing back audio, rendering crisp and clear sound without any lip sync issues. The TV streamer features both analogue and digital input and connects to the vast majority of modern television sets.

Technical specifications

Dimensions and weight

Height: 24 mm, 0.9" Depth: 48 mm, 1.9"
Width: 88 mm, 3.5" Weight: 70 g, 2.5 oz.

Buttons and controls

Mini-stereo cable Mini-stereo-to-RCA adapter

Features

- Uses Qualcomm® aptX™ low latency streaming technology which results in optimum time synchronization when playing back audio, rendering crisp and clear sound without any lip sync issues.
- Multiple ports
Features both analog and digital input and connects to the vast majority of television sets.

Connections

- Audio input: 3.5 mm mini-stereo
- Audio input sensitivity @ max 2Vrms: +6 dBV
- Optical input: 44.1KHz, 48KHz
- Optical input sensitivity: 0 dBFS
- Charger input: 2.5 mm connector
Output: DC 5V, 1.0A
- Charging output: USB type A
