

In-Ear Headset

BE9229

Features

Remote-button
With an integrated microphone

Closed drivers
Minimizes the risk of feedback

Small and lightweight
For a discrete look

Talk and listen undisturbed.

This In-ear Headset is specially designed for Maxi Pro and can be used to listen to music or talk on the phone undisturbed. It features a remote-button with a fully integrated microphone and offers high-clarity stereo sound with great detail.

The headset is lightweight and provide excellent isolation from ambient noise, increasing the overall speech intelligibility.
